

## The Audubon Society

### Handbook for Butterfly Watchers

Pyle, Robert Michael / 595.789 PYL

This rare combination of scientific observation merged with poetic appreciation harkens back to the writings of William Bartram.

### Butterflies [video recording]

VIDEO 595.789 BUT

As you get to know these wonderful insects you will be continually amazed by their beauty and their incredible lives; a video especially designed for families, students and teachers.

### Butterflies and Moths

Carter, David J. / 595.78/Car

Carter who is an entomologist at the Natural History Museum, London, has created a concise and comprehensive pocket guide to butterflies and moths of the world.

### Butterflies of North America

Brock, James P. / 595.789 BRO 2003

From its durable, flexible cover to its color-coordinated index, this field guide will serve as an excellent identification resource for experienced and novice lepidopterists.

### Butterflies of North America

Howe, William H. / 595.789 BUT

With 97 color plates and 633 pages, this massive volume includes descriptions of North American, Alaskan and Hawaiian butterflies.

### The Butterflies of North America:

#### a Natural History and Field Guide

Scott, James A. / SOFTWARE 595.789

BUT PC 1997 [interactive multimedia]

A comprehensive field guide to all the butterfly species of North America, including field maps, full-color pictures, and discussion of anatomy and behavior.

## Butterflies of the World

REF 595.789 SBO 1985 / Sbordoni, Valerio

With its concise text, more than 200 illustrations and 125 color plates this is the most comprehensive volume on the subject.

### Butterfly Gardening for the South

Ajilvsgi, Geyata / 635.96/Aji/1990

This guide is filled with more than 200 breathtaking color photographs as well as landscape plans, detailed butterfly descriptions, comprehensive seed and plant sources, and a special section on how to photograph butterflies.

### Butterfly World [videorecording]

Dominique, Charles / Video/595.78/But

Filmed all over the planet, this exceptional video presents some of the most varied and exotic butterflies that nature has to offer.

### Chasing Monarchs

Pyle, Robert Michael / 595.789 PYL

The author, to discover the secret of monarch migration, set out to find individual butterflies at their northernmost habitat, follow them as far as possible, and repeated the process with other individual butterflies along the southward route.

### The Encyclopedia of Butterflies

Feltwell, John / REF 595.789 FEL 1993

A comprehensive resource of more than 1,000 of the world's most common butterflies, all of which are covered in detail; including taxonomy, structure, life cycle, and migration.

### A Field Guide to Eastern Butterflies

Opler, Paul / 595.789/Opl 1998

This guide features 524 species of butterflies, 100 color photographs, and 348 color range maps accompany the species descriptions. Introductory chapters include information on butterfly gardening, habitats, and conservation.

## Florida Butterflies

Gerberg, Eugene J. / Ref-Fla/595.789/Ger

(Also available for checkout)

Handy guide for the initiated naturalist who desires a complete record of Florida butterflies.

### Florida Butterfly Gardening: a complete guide to attracting, identifying, and enjoying butterflies of the lower South

Minno, Marc C. and Maria / 638.5789 MIN 1999

400+ color photos taken by the authors, showing every butterfly in adult, larva, and pupa stages, with practical information on garden plants, installation, and maintenance, as well as inquiry-based science activities and a Florida butterfly checklist. (Local author)

### Florida's Fabulous Butterflies

Emmel, Thomas C. / Ref-Fla/595.789/Emm/1997

(Also available for checkout)

Award-winning photographer Brian Kenney contributes some of the finest photographs ever taken of Florida's butterflies, in this information-filled guide by UF Emeritus Professor Emmel. (Local author)

### Four Wings and a Prayer

Halpern, Sue / 595.789 Hal 2001

This lively, lyrical account of monarch life and migration will delight armchair and active naturalists and anyone interested in science.

### Gardening for Florida's Butterflies

Traas, Pamela F. / 595.789 TRA 2001

Entice butterflies to visit your Florida garden by growing the plants that feed them throughout their life stages.

### Florida Museum of Natural History

Come face-to-face with hundreds of vibrant butterflies as you follow a meandering walking trail surrounded by subtropical and tropical plants and trees and cascading waterfalls. The McGuire Center for Lepidoptera and Biodiversity Exhibits Gallery features information on butterfly and moth biology on the "Wall of Wings" and stories of biological research on the "World of Wings" map.

## Identifying Butterflies: the New Compact

### Study Guide and Identifier

Preston-Mafham, Ken/ 595.789 PRE 1999

Over 100 species are explored in depth, from the butterflies seen in the backyard to more exotic and unusual varieties.

## Nabokov's Blues: the Scientific

### Odyssey of a Literary Genius

Johnson, Kurt / 595.7809 JOH 1999

Nabokov gained world fame with the novel *Lolita* and captivated sophisticated readers with his fiction writing, but he took equal pride in his studies of butterflies.

## An Obsession with Butterflies: Our Long Love Affair with a Singular Insect

Russell, Sharman / 595.789 RUS 2003

An acclaimed nature writer takes a delightful look at the science of butterflies—and our obsession with them.

## Seguy's Decorative

### Butterflies & Insects in Full Color

Séguy, E. A / 745.4 SEG

This book reproduces, in full color, all 40 of the extraordinary plates from *Papillons* and *Insectes* by Seguy, one of the foremost French designers of decorative art during the first third of the twentieth century.
