**To the Wenner-Gren Review Committee,**

This letter is to confirm that I am aware of Randee Fladeboe's research project on the archaeological macaw specimens from the ancient American Southwest and North Mexico. I support her pending petition to the Instituto Nacional de Antropología e Historia requesting access to the macaw assemblage from the Paquimé site for the purpose of analysis using CT scanning, and I will be acting as her advocate during the permission process.

Sincerely,

**DR. JOSE LUIS PUNZO DIAZ
